Estate Administration

We structure our Estate Administration charges according to the complexity of the matter and then charge according to our Tier System detailed below. Please see in our table below the estimated time it will take to deal with the different tiers of estates, together with our hourly rate for each.

The exact cost will depend on the individual circumstances of the matter. For example, if there is one beneficiary and no property, costs will be at the lower end of the range. If there are multiple beneficiaries, a property and multiple bank accounts, costs will be at the higher end.

We will handle the full process for you.

Fees charged for acting on an Estate matter

Tier	Level of Administration	Costs per hour	Time estimate in hours	Total costs estimate	Estimated Length of time for completion
1	Simple estate: this is where there is a valid will, there is not more than one property, there are no more than 5 bank or building society accounts; there are no other intangible assets; there are 1- 5 beneficiaries; there are no more than 5 liabilities; the estate is solvent; there are no disputes between beneficiaries on division of assets (if disputes arising this is likely to lead to an increase in costs), there is no inheritance tax payable and the executors do not need to submit a full account to HMRC and there are no claims made against the estate.	£230 + VAT	15 - 25 hrs	£3,450 + VAT - £5,750 + VAT	12-18 months
2	Standard estate: this is where, in addition to a simple estate, the estate includes, between 5-10 beneficiaries, multiple assets, income tax and CGT considerations in the estate; managing a property and/or vast quantity of paperwork and assets and liabilities	£280+ VAT	20 - 40 hrs	£5,600 + VAT - £11,200 + VAT	12 -24 months

3	Advanced estate: includes the work involved in a simple and standard estate but also where there are more advanced issues to consider such as more than one property; appropriations; more than 10 beneficiaries; potentially exempt transfers; missing beneficiaries, foreign assets.	£325+ VAT	30 -60 hrs	MINIMUM £9,750 +VAT - £19,500 + VAT	18 - 36 months
4	Complex estate: will include estates which are taxable and estates over £1 million; and other complex areas such as business property and agricultural relief claims; estates with areas requiring several areas of expertise	£365 + VAT	45-150 hrs	MINIMUM £16,425 +VAT - £54,750 + VAT	18- 36 months

Please refer to the information on the following pages for detailed explanation as to the work involved in each of the tiers set out above.

Please note that if Wilson Browne are the Executors of the estate, then due to the additional duties arising from the Executor role, the estate will fall into either Tier 3 or Tier **4**.

Potential additional costs:

- If there is no will or there is substantial investigation work that needs to be carried out prior to obtaining the grant of representation then the estate is likely to fall towards the upper end of the tier structure.
- We will provide interim bills and updates on costs throughout the administration of the estate. If we believe we will not be able to complete the administration of the estate within the costs estimates given then we will advise you of the reasons why and provide you with a new estimate before proceeding further
- We can only categorise the estate within our tier system from the information we know about and sometimes assets or circumstances arise the may impact the tier structure that the estate falls within
- Costs for the exclusions mentioned above do not form part of the costs for dealing with eh administration of the estate such as: Dealing with the sale or transfer of any property; deeds of variation and administering Will trusts.
- Will trusts (other than bare trusts) are required to be registered with HMRC on the Trusts Registration Service. Additional charges will apply.

How long will this take/timescales:

On average, the probate papers can be prepared within 1 - 6 months of instruction (the lower end for the simple and standard estates (tier 1 & 2) and the higher end for the advanced and complex estates (tier 3 & 4).

Typically, obtaining the grant of representation takes a minimum of 16 weeks

Collecting assets then follows, which can take between 3-10 weeks.

Once this has been done, we can either distribute the assets or make an interim distribution in the estate, which normally takes 4-8 weeks. It can take a further 4-12 weeks to finalise the estate matters and produce detailed estate accounts.
